## New Website [cjs.nz]

Apr 16, 2024

Finally I have rolled out the homepage of my website [cjs.nz](https://cjs.nz)!

This website is mostly a landing page, however as I complete more projects, such as [OpenNP6](#), I will host those there!

# Buy me a Latte

**Buying** me a Latte directly supports me and my work. Your payment is secured by Stripe, so you don't need to worry about your privacy. I would really appreciate it if you bought me a coffee at anytime as it gives me more time to focus on my projects rather than working for others!

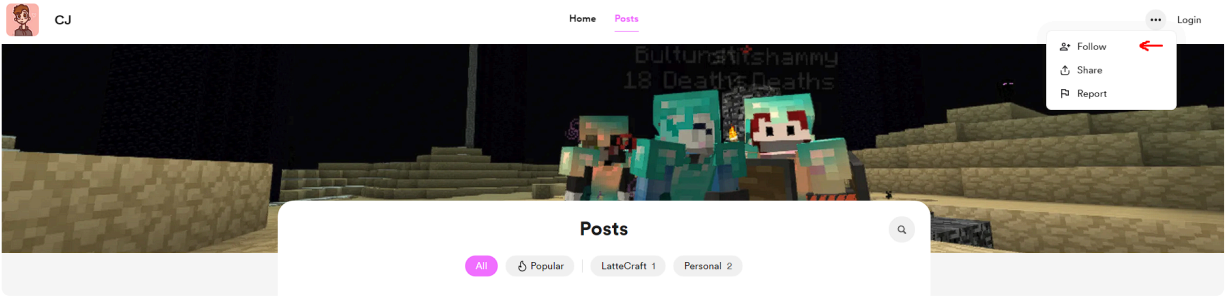

**This** week, I gope to roll out a bunch of news about LatteCraft: Events, including the Discord Server, and first two charity events information. The second event will hopefully be a custom gamemode.

I'm still looking for help, so [fill out the form](#) if you want to get involved with anything LC:E!

I will probably do another post this week with all the LatteCraft updates as soon as I confirm a few things, so stay tuned for that, in fact you could just follow me.

Thanks for reading,
